

# VF-ICE SERIES

Premium Range

SKOPE®

## Display / Top Mount

This new range of energy efficient ice storage cabinets has been designed with the same features as the VF Series to deliver greater performance and reliability. VF-ICE range now includes a Drop-In Cyclone refrigeration unit.

### Options

- Available in glass or solid door
- Illuminated LED sign with ice decal
- Illuminated LED sign without ice decal
- Additional heavy duty shelf

Upgraded refrigeration system for significantly improved energy efficiency, performance and noise reduction

Optional illuminated LED sign panel (includes ICE decal)

Door alarm and ambient alarm for greater peace of mind

Stabilised temperature display minimises fluctuations from door openings, accurately displaying actual product temperature

Electronic controller maintains precise temperature control for ice storage

Heavy duty shelf

Interior illuminated by energy efficient LED side light

VF-ICE Drop-In Cyclone refrigeration unit

SKOPE Cyclone Freezer™ integral refrigeration system

- Ideal for use in high ambient temperatures
- Easy, plug in 10 Amp power supply
- Operating temperature -9°C to -12°C

Warranty  
2 year protection

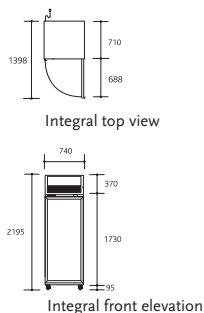

High Energy  
Efficiency
