

TUNGSTEN

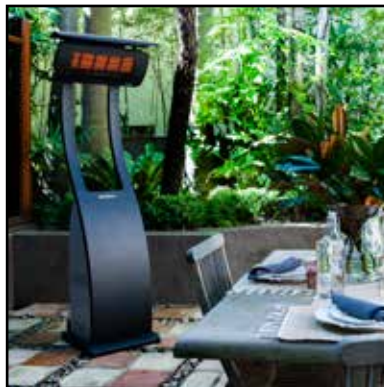

SMART-HEAT™ PORTABLE

A new era in portable gas heating

The Tungsten Smart-Heat™ Portable Gas Radiant Heater is the synthesis of cutting edge design, world first engineering and practical functionality.

Consistent with Bromic Heating's vision for industry innovation, the Tungsten Smart-Heat™ Portable takes relocatable gas heating to the next level with its efficiency and effectiveness unparalleled in today's market.

TUNGSTEN

SMART-HEAT™ PORTABLE

FEATURES:

- Heat Output: Coverage of up to 18m², the Tungsten Smart-Heat™ Portable delivers a widespread heat field of up to 3.6m wide and 4.5m deep.
- Versatility: Unique and patented adjustable heat control ensures comfortable heat.
- Efficiency: High intensity ceramic burner, delivering optimal heat with minimal heat loss.
- Wind Resistance: Specifically built to provide constant and consistent heat in any environment.
- Directional Heat: Innovative adjustable tilting head ensures warmth goes exactly where you want it.
- Modular Design: Functional and pragmatic, the Tungsten Smart-Heat™ Portable can easily be assembled, dismantled and stored.
- Manoeuvrability: Anti-tilt structure with built-in wheels for easy movement.

SPECIFICATIONS	
Ignition	1.5V repetitive spark ignitor
Adjustable Heat Output	23 Mj - 34Mj
Gas Type	LPG
Gas Supply	Gas Cylinder not included
Weight (excluding cylinder)	56 Kg
Safety features	Flame Failure & Anti-Tilt Safety Device
Gas supply pressure	2.75 kPa

International patent pending and design registered by BROMIC HEATING Pty Ltd, a member of the Bromic Group of companies.
