

PLATINUM

SMART-HEAT ELECTRIC

Top quality performance and the looks to match

Soft, non-glowing radiant heat and an ultra-thin design – the Platinum Smart-Heat® Electric complements the atmosphere of any home or commercial environment.

Wind and weather resilient, the Platinum Smart-Heat® Electric provides soft, radiant heat flow. One or more heaters can be switched on and off simultaneously from a single remote-located switch.

FEATURES:

- 1500W Output
- Ultra Thin and Stylish
- Efficient Directional Spot Heating
- Bracket allows for 60 degrees of motion top to bottom
- Weather resistant (IPX 5) and wind resistant
- Can be integrated into smart control systems. One or more units can be switched on and off simultaneously from a single remote located switch.
- Multiple Mounting Options – Wall, Ceiling, Pole Suspended, Chain Suspended and Recessed (Flush Mounted).
