

Hot Dog Equipment

Hot Dog Roller Grills

Hot Dogs are a traditional “grab and go” favourite and the Nemco original hot dog roller grill is famous for delivering delicious and juicy hot dogs to your customers. With a sturdy, maintenance-free design, this grill will serve you for years. Best of all, the hot dog grill requires no installation works or ventilation and can simply be plugged in to operate.

There are two types of grills, both available in a range of sizes to cater to different business needs. A flat traditional style grill or a slanted grill which is higher as it merchandises the hot dogs on a slanted surface, making it easier for customers to see.

- Sturdy construction made from Stainless Steel and Aluminium
- No installation works – simply plug in and operate
- Rollers available in chrome or GripsIt coating for simple cleaning
- 2 individual heat controls for front and rear rollers
- 7 heat settings
- Each roller has its own heating element for consistency of temperature
- Removable grease drip pan
- 20 minute pre-heat time
- Food safety bars available
- Available in standard and slanted models
- Bun warmers available in matching sizes to fit beneath the grills
- Made in the USA

Hot Dog Equipment

Bun/Food Warmers

Moist Heat Bun/Food Warmers

A clever accompaniment to the Nemco Hot Dog grills, Nemco Bun and Food Warmers come in a range of sizes and are designed to fit beneath the Nemco roller grills, taking up effectively no additional counter space and improving your merchandising.

There are moist heat and standard warmer models in addition to bun boxes that don't have a heated element but may be used as storage for your hot dog buns.

- Stainless steel construction
- Water reservoir provides moisture to keep buns fresh
- Adjustable thermostat
- Fits under roller grill to maximise counter space
- Easy open sliding drawer

Model No.	Bun Capacity	Fits Grill model	Dimensions (W x D x H) mm	Power Required	Power Input	Weight
8018 BW 220	24	8018	470 x 445 x 270	240v, 10 amp	400W	16.8kg
8027 BW 220	32	8027	584 x 445 x 270	240v, 10 amp	450W	20.5kg
8036 BW 220	48	8036	762 x 445 x 270	240v, 10 amp	550W	25.5kg
8045 BW 220	64	8045W	902 x 445 x 270	240v, 10 amp	650W	29.7kg
8045N BW 220	32	8045N	585 x 651 x 270	240v, 10 amp	450W	22.3kg
8075 BW 220	64	8075	902 x 651 x 270	240v, 10 amp	650W	32.3kg

Bun Boxes

- Stainless steel construction
- Leave buns in bags and store them in the bun box
- Fits under roller grill to maximise counter space

Model No.	Bun Capacity	Fits Grill model	Dimensions (W x D x H) mm	Weight
8018 SBB	36	8018	476 x 483 x 159	4.1kg

Other models available. Please see website for further details.

Self Serve Guards

Polycarbonate guards are available for every grill model except the smaller 8010 series. The guards sit firmly on top of the grill and can be easily removed for cleaning.

Canopy Sneeze Guards

These guards keep your grill covered whilst enabling access from the operator and customer side, making it simple to load the grill from the operator side.

Hot Dog Equipment

Hot Dog Steamer

Great merchandiser for front of house. Cook your hot dogs in as little as 10 minutes and display to boost sales. Upper rack also allows display of buns which keeps them moist and fresh.
