

COMMERCIAL MICROWAVES

Distributed by:

ROBAND® 

A Microwave to suit your business

Roband Australia proudly presents its range of Robatherm Microwaves, carefully sourced, tested and selected by Roband to meet the demanding needs of Australian commercial kitchens.

Our simple to understand range extends from single magnetron light duty models handling the everyday requirements of a commercial kitchen, through to heavy duty dual magnetron models providing busier outlets with efficient, high-volume output throughout the day. All models are programmable and feature easy, intuitive touch button operation. They are all constructed of stainless steel and feature a ceramic base.

Specified with the most trusted commercial magnetrons, proven quality components and backed by Roband Australia's highly regarded after sales support, you can be confident purchasing a Robatherm Commercial Microwave.

Light and medium duty models are covered by a 1 year parts and labour warranty, whilst the heavy duty options are covered by a 2 year parts and 1 year labour warranty.

What makes a Robatherm Microwave so great?

All Robatherm microwaves are designed and built to withstand the high demands placed on them in commercial environments. Robatherm microwave models all feature:

- Programmable menus with multi-staged cooking for efficient, consistent results
- Consistent and even cooking / heating ensuring quality results for your customers

- Capable of back to back cooking without performance degradation
- Robust construction and components to withstand continuous loads, coupled with a heavy duty cooling system for longevity
- A static ceramic base (no turntable)
 - Easier to clean
 - More even cooking when combined with the internal stirrer/s
 - Accommodates larger plates and dishes
- Higher power than domestic microwaves for faster cooking times and more efficient service
- Internal concealed and protected stirrer/s that effectively distribute the microwaves to the food
- Commercial sizes to suit the needs of different outlets

Even cooking and heating results

4 Models for all commercial needs:

- 10 Amp and 15 Amp
- 4 sizes (17L, 27L, 29L and 34L)
- Suits all commercial kitchens

* Double glazed glass doors in RM1129, RM1927 & RM2117 only

It's what you don't see that counts...

Robatherm microwaves have undergone extensive testing to achieve consistent, even cooking and heating results. Furthermore, the construction of the microwave includes steel door and door hinge construction, double

glazed doors (RM1129, RM1927 & RM2117), ceramic oven cavity base and a quality aluminium door handle, all contributing to the durable, high quality standard expected of any product supplied by Roband Australia.

Commercial Microwave Oven Light Duty

Model RM1129

- Single magnetron, 29 litres
- Suitable for small cafés, takeaways & foodservice outlets

- 20 pre-programmed menus for multi-stage cooking
- 1 year parts and labour warranty
- 10A plug

Specifications

Input Power	1600 Watts
Output Power	1100 Watts
Oven Capacity	29 Litres
Oven Cavity (W x D x H)	350 x 357 x 226 mm
External Dimensions (W x D x H) (includes handle and standoff)	542 x 461 x 329 mm
Net Weight	Approx. 18 Kg

Commercial Microwave Oven Medium Duty

Model RM1434

- Single magnetron, 34 litres
- Suitable for cafés, takeaways & other outlets
- 10 pre-programmed menus for multi-stage cooking, can be increased to 100 programs

- Stackable, up to 2 microwaves
- 1 year parts and labour warranty
- 10A plug

Specifications

Input Power	1900 Watts
Output Power	1400 Watts
Oven Capacity	34 Litres
Oven Cavity (W x D x H)	370 x 385 x 230 mm
External Dimensions (W x D x H) (includes handle and standoff)	553 x 488 x 343 mm
Net Weight	Approx. 20 Kg

Commercial Microwave Ovens Heavy Duty

Model RM1927

- Dual magnetron, 27 litres
- Suitable for busy foodservice outlets or QSR's (Quick Service Restaurants).
- Store up to 10 pre-programmed menus for multi-stage cooking. Can be increased up to 200 Programs
- Stackable, up to 2 microwaves
- 2 year parts and 1 year labour warranty
- 15A plug

Specifications

Input Power	3000 Watts
Output Power	1900 Watts
Oven Capacity	27 Litres
Oven Cavity (W x D x H)	371 x 372 x 199 mm
External Dimensions (W x D x H) (includes handle and standoff)	465 x 599 x 370 mm
Net Weight	Approx. 34 Kg

Model RM2117

- Dual magnetron, 17 litres
- Suitable for busy foodservice outlets or QSR's (Quick Service Restaurants)
- Store up to 10 pre-programmed menus for multi-stage cooking. Can be increased up to 100 Programs
- Easy to program menus via USB supplied
