

JDR-520B/3N Bench Dough Sheeter

Quick Overview

- large roller opening (40mm) with large hard chrome rollers
- very large dough weight capacity
- steel, stainless steel & aluminium (not plastic components & casings like many other sheeters)
- easy to remove & clean scraper assemblies with low replacement cost
- safety guards with internal safety switching
- quality food grade conveyor belt (not a cotton belt)
- no external switches to allow flour entry & subsequent damage

Description

Tyrone Bench Model Sheeter

Three phase

Belt Width: 500 mm

Table Length: 830 mm

Why these are the best sheeters on the market?

- large roller opening (40mm) with large hard chrome rollers
- very large dough weight capacity
- steel, stainless steel & aluminium (not plastic components & casings like many other sheeters)
- easy to remove & clean scraper assemblies with low replacement cost
- safety guards with internal safety switching
- quality food grade conveyor belt (not a cotton belt)
- no external switches to allow flour entry & subsequent damage
- internal mechanism locks rollers in position, no ratchet to wear & possibly catch operator's knuckles
- allows easy access in folded position to conveyor drive-rollers for cleaning (unlike other sheeters)
- Poor cleaning enables dough build up on the rollers causing a bump under the sheeting belt, this can catch on the scrapers thus ripping the belt.

Your Shipping Specifications

Net Weight (Kg)	150
Width (mm)	2080
Depth (mm)	880
Height (mm)	620
Packing Width (mm)	720
Packing Depth (mm)	970
Packing Height (mm)	1000
